PLACEMENT / MANAGEMENT

Performs well even in tough conditions and variable environments. Excellent choice on poorly-drained soils. Semi-flex ear adapts to a wide range of populations.

W1826RIB

- Reliable high yielding hybrid across
 productivity levels
- Very good stalk strength and green snap resistance
- Excellent choice for poorly drained soils

CONTINUOUS CORN MANAGEMENT

- If corn rootworm management is needed, consider using a proven soil insecticide or choose a SmartStax[®] or SmartStax[®] PRO hybrid.
- Good choice for fields with a history of Goss' wilt.
- A fungicide application is recommended to manage gray leaf spot and other foliar diseases.

SOIL ADA	IPTABILITY				
RATING	SOIL CATEGORY				
VG	LIGHT SOILS – LOW CEC (<10); OM <1.5%; low water-holding capacity; non-irrigated sand; timber soils; marginal productivity; drought prone.				
E	MEDIUM SOILS – CEC 11–18; OM 1.5-3.5%; well-drained; silt loam; high productivity.				
E	DARK SOILS – HIGH CEC (>18); OM >3.5%; well-drained; dark colored soils.				
E	POORLY-DRAINED – Soils that have the potential to remain saturated for prolonged periods; side hill seeps; gumbo; muck.				
E = excellent NR = not rec	; VG = very good, G = good, F = fair, ommended.				
GEOGRAPHIC ZONE ADAPTABILITY

ZONE ADAPTABILITY

LEGEND: E = early for maturity, A = average for maturity; L = late for maturity; M = medium, MS = medium short, MT = medium tall, T = tall; H = high, MH = medium high, ML = medium low; F = flex, SF = semi-flex, D = determinate, SD = semi-determinate. Numerical ratings are based on comparisons among Wyffels hybrids of like maturity where 1 = Low, 5 = Avg, and 9 = High expressions of a trait.

Always follow IRM, grain marketing and all other stewardship practices and pesticide label directions. Roundup Ready® technology contains genes that confer tolerance to glyphosate. Plants that are not tolerant to glyphosate may be damaged or killed if exposed to those herbicides. B.t. products may not yet be registered in all states. Check with your Seed Representative for the registration status in your state. DroughtGard®, RIB Complete®, Roundup Ready®, Roundup®, Trecepta® and VT Double PRO® are trademarks of Bayer Group.
