PLACEMENT / MANAGEMENT

Performs well on wide variety of soils. A good option where leaf disease pressures exist. Lateseason intactness provides harvest flexibility. Flex ear allows planting over a wide range of populations. Avoid growth regulator herbicides to minimize early green snap risk.

SOIL CATEGORY

LIGHT SOILS - LOW CEC (<10); OM <1.5%;

low water-holding capacity; non-irrigated

 Solid yields across soil types
--

- Excellent leaf disease package with great late season intactness
- Flex ear with excellent grain guality
- Very good drought tolerance

CONTINUOUS CORN MANAGEMENT

- If corn rootworm management is needed, consider using a proven soil insecticide or a SmartStax® or a SmartStax® PRO hybrid.
- Strong foliar health.

	sand; timber soils; marginal productivity; drought prone.
E	MEDIUM SOILS – CEC 11–18; OM 1.5-3.5%; well-drained; silt loam; high productivity.
E	DARK SOILS – HIGH CEC (>18); OM >3.5%; well-drained; dark colored soils.
E	POORLY-DRAINED – Soils that have the potential to remain saturated for prolonged periods; side hill seeps; gumbo; muck.

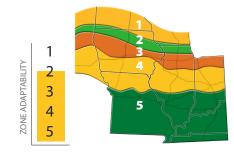

SOIL ADAPTABILITY

RATING

Е

E = excellent, VG = very good, G = good, F = fair,NR = not recommended.

GEOGRAPHIC ZONE ADAPTABILITY

LEGEND: E = early for maturity, A = average for maturity, L = late for maturity; M = medium, MS = medium short, MT = mediumtall, T = tall; H = high, MH = medium high, ML = medium low; F = flex, SF = semi-flex, D = determinate, SD = semi-determinate. Numerical ratings are based on comparisons among Wyffels hybrids of like maturity where 1 = Low, 5 = Avg, and 9 = High expressions of a trait.

Ready 2

Always follow IRM, grain marketing and all other stewardship practices and pesticide label directions. Roundup Ready[®] technology contains genes that confer tolerance to glyphosate. Plants that are not tolerant to glyphosate may be damaged or killed if exposed to those herbicides. *B.t.* products may not yet be registered in all states. Check with your Seed Representative for the registration status in your state. DroughtGard[®], RIB Complete[®], Roundup Ready[®], Roundup[®], Trecepta[®] and VT Double PRO[®] are trademarks of Bayer Group.
